## **Final proposed budget for AHC**

### Initial budget for Agencia de l'Habitatge de Catalunya

Α	Direct personnel costs	€ 56,000.00
В	Travel	€ 10,000.00
С	Equipment	-
D	Other	€ 220,000.00
Ε	Other direct costs (B+C+D)	€ 230,000.00
F	Direct costs of subcontracting	-
G	Indirect costs [0.25*(A+E)]	€ 71,500.00
	Total	€ 357,500.00

Should be noted also that the AHC personnel costs that appear in PLUG-N-HARVEST official proposal ( $\notin$  2,000.00 per month) are not aligned with Spanish Standards for the Employee profile ( $\notin$  4,050.00 per month). This error has been formally claimed since April 2017.

### Transfer Budget from 'Other Direct costs' to 'Direct costs of subcontracting'

Previously demanded and again at this Stage, AHC is asking to move to Subcontracting all the remaining budget of 'other direct costs' except €11,900.00 -from travel and Audits-, and the related indirect costs.

To sum up, AHC budget will be increased from the initial Budget in € 27,125.00 (= €37,250.00 (test) - €10,125.00 (project to Pich) that will be added to "Direct cost of subcontracting".

## WP1 – INCASOL engagement and Amendment

## Adding INCASOL as third party

- INCASOL (a Public entity from the Catalan Government) is the owner of Sant Quirze del Vallès (Spanish pilot building). There will be an inkind contribution, as they will finance the renovation works. AHC will be the manager and supervisor of the works subcontracting. The works that will be done in DEMO Sant Quirze del Vallès are renovation works to manufacture and integrate the ADBE façade. All subcontracting activities are foreseen within WP2, WP4 and WP5
- To add INCASOL as 3<sup>rd</sup> Part to make eligible the cost of the ABDE Tender
